THE COMPLETE ALUMNI REGISTER OF HAMILTON COLLEGE
1812-1932

The present issue of the Complete Alumni Register of Hamilton College is the seventeenth that has been published during the one hundred and twenty years of the life of the College. Fourteen issues of the Latin "Triennials" were distributed irregularly over the years from 1825 to 1893. These contained the names of graduates only. In 1908 a so-called "Yellow Book" was prepared which included not only graduates but all who had at any time been in attendance at the College long enough to be eligible for inclusion in the annual catalogue. In 1922 a complete Alumni Register was issued. The present number contains certain changes in arrangement and content, but is in effect the 1922 book brought up to date. Unfortunately, much information that should be included is, in many cases, unobtainable, and there are inaccuracies which seem inevitable. It is earnestly hoped that all errors and omissions may be reported to the Office of the Registrar so that later efforts of the same sort may be more satisfactory.

In the cases of graduates whose college course included membership in more than one class, an effort has been made to follow the wishes of the man in question in his assignment to a definite class. When the wishes of the man are unknown, his name is included in the class with which he entered college unless it is evident that he spent the greater part of his college life in a later class. When a man's name appears in a class other than the one with which he received his bachelor's degree, the date of conferment of his degree is entered in parenthesis immediately following his name. Non-graduates are ordinarily included with the classes with which they were originally enrolled.

Of the two addresses given after the name, the first is that at the time of entering college and the second is the latest known address. In all addresses New York is to be understood if no other state is named. A date in the column following the latest address indicates the year of death. If a man is believed to be dead and his name has therefore been removed from the register of living alumni, a dotted line is placed in the date column.

A list of recipients of honorary degrees following the non-graduates of a class shows those not elsewhere appearing in class lists on whom such degrees were conferred in that year. The degree bestowed in each case is indicated directly after the name.

The valedictorian and salutatorian, the first and second scholars of the class at graduation on the basis of the college record, are designated by *Val* and *Sal* respectively. The secretary of the class is indicated by *Sec.* Membership in the society of Phi Beta Kappa is denoted by the Greek letters ΦΒΚ. If a date follows those letters, it signifies that membership was bestowed in the year indicated and not in the year in which the candidate was graduated from college. When the date is earlier than the year of graduation, it indicates that a man was elected to membership in advance of the main group of his classmates. In the cases where the date is later than that of graduation, honorary membership is indicated. Other Greek letters after the names show other college fraternities to which the men belonged in their undergraduate years. The names of those elected to the senior society known as Pentagon are marked with a ⌂.

The profession, occupation, or business in which the alumnus is engaged is indicated by a letter or letters following his name. The latest information at hand has been used but it is incomplete and, unfortunately, often inaccurate. The abbreviations used are as follows:

a	author	m	minister
acct	accountant	M. C.	member of Congress
adv	advertising	mer	merchant
arch	architect	mf	manufacturer
b	banker	min	mining
bus	business	mort	mortician
chem	chemist	mus	musician
den	dentist	pharm	pharmacist
e	editor	phy	physician
ed	educator	pub	publisher
eng	engineer	re	real estate
f	farmer	rr	railroading
fm	foreign missionary	SATC	undergraduate service in Students Army Training Corp of 1918
geol	geologist		
govt	government service		
ins	insurance	USA	U. S. Army
j	journalist	USMC	U. S. Marine Corps
l	lawyer	USN	U. S. Navy
libr	librarian		

Certain businesses or professions are not abbreviated, but are indicated in full. Certain high offices are named when known.

All degrees conferred by Hamilton College are included and are dated when conferred at any time other than the year of graduation. Doctors', Bachelors' and Masters' degrees not conferred by Hamilton College are generally not included, but are to be found in some instances in the earlier classes.

The officers of the various Hamilton College alumni associations and the class secretaries will be found listed in the pages just preceding the geographical index. There is included also

a necrology report for the period, November 1, 1931 to November 1, 1932. The geographical index contains only the names of those alumni and some-time members of classes believed to be alive. The general index at the end of the book contains the names of all alumni listed. Certain tabulations and statistical records will also be found in this book.

Many errors in address are occasioned by the failure of an alumnus to inform the College of a change in address. The College makes an earnest effort to trace alumni who have moved without leaving an address, but much of this search is fruitless. Considerable inaccuracy would be eliminated if temporary changes of address were reported by alumni at their respective post offices.

All changes of address, reports of deaths of alumni, and other such information will be gratefully received by the Registrar.

An address believed to be incorrect is marked with a dagger (†). Correction of such addresses is requested.

The membership of the Society of Alumni includes all who have received degrees from the College.

The annual meeting is held on Saturday of commencement week in the Chapel; in 1933 on June 10 at 10:30 a. m.

A Trustee of the College is elected by the alumni annually, to hold office for four years. Only graduates of the College of ten years standing are eligible to election. Graduates of three years standing are entitled to vote.

Not later than February first a notice is sent to each alumnus who is entitled to vote, stating the vacancy or vacancies to be filled, and asking for

nominations. The preliminary ballot closes on the first of April. Not later than May tenth, a blank ballot containing the names of the qualified candidates receiving the highest number of votes is sent to each voter. The ballots for the election of trustees must be sent to some member of the Executive Committee of the Society of Alumni. In order to be counted they must be received before the beginning of the annual meeting of the Society, held on the Saturday of Commencement week. The voter's choice must be registered upon the ballot form which is furnished by the College. No other ballots will be received or counted. In case of loss, duplicate blank forms will be furnished upon application.

The ballots as received by the members of the Executive Committee shall be placed in the hands of two inspectors of election, appointed by the Board of Trustees, who shall canvass the vote, declare the result to the alumni meeting, and communicate the result in writing to the Board of Trustees.

A plurality of all ballots cast shall constitute an election, provided that such plurality is not less than one-third of the total vote.

At the Annual Meeting of the Society of Alumni held on June 16, 1928, it was voted to discontinue the Dix Plan for class reunions at Commencement, and to return to the older plan of holding reunions every fifth year after graduation.
